(“**Autogrill**” or the “**Company**” or the “**Parent Company**”) adhered to, as described below.

Section I of the Report describes – also with a view to promoting transparency and Shareholders’ involvement on the subject of the remuneration of the administrative, management, supervisory and control bodies – the remuneration policy for the year 2021 (the “**Remuneration Policy**” or “**2021 Policy**”) of the Company and the group it heads (subholding companies/subsidiaries of the Company; the “**Group**” or the “**Autogrill Group**”) with regard to the remuneration of:

2. Executives with strategic responsibilities (including the Managing Directors), meaning persons with the power and responsibility to plan, manage and control, directly or indirectly, the Company’s operations according to the definition provided in Annex 1 of the regulations issued by CONSOB through Resolution No. 17221 of 12 March 2010, as amended, on the subject of related-party transactions (the “**RPT Regulations**”), namely those managers reporting directly to the Group Chief Executive Officer and Managing Director;

SECTION I

Company policy on the remuneration of directors, managing directors and executives with strategic responsibilities for the year 2021 procedures for the adoption and implementation of the policy

1. PARTIES INVOLVED IN THE DRAFTING, APPROVAL AND IMPLEMENTATION OF THE REMUNERATION POLICY

The definition of the Remuneration Policy is the result of an internal process, in which the Human Resources Committee (the “**Committee**”) the Board of Directors and the Shareholders’ Meeting play a central role.

The actors involved in the adoption, integration and/or modification of the Company’s remuneration systems are the Shareholders’ Meeting, the Board of Directors, the Committee, the Chief Executive Officer, the Group Human Resources Officer and the Board of Statutory Auditors.

1.1 SHAREHOLDERS’ MEETING

Autogrill’s Shareholders’ Meeting (the “**AGM**”), in ordinary session:

- votes for or against the first Section (the “**First Section**” or “**Section I**”) of the Remuneration Policy and the procedures used for the adoption and implementation of this policy, pursuant to article 11, paragraph 2 of the Company’s Bylaws. The resolution of the AGM, pursuant to article 123-ter, paragraph 3-ter of TUF, is binding and the result of the vote is disclosed to the public according to the terms and conditions set out in current legislation. If the AGM does not approve the First Section of the Remuneration Policy submitted for voting, the Company will continue to pay remuneration in accordance with the First Section of the most recent Remuneration Policy approved by the AGM or, failing this, may continue to pay remuneration in accordance with current practice. In this case, the Company will submit a new Section I of the Remuneration Policy to the Shareholders’ vote at the latest at the next AGM provided for by article 2364, paragraph 2, of the Italian Civil Code;
- receives adequate information on the implementation of the Remuneration Policy, with the aim of examining how the policy is actually applied and assessing its consistency with the guidelines and objectives defined, and votes for or against the second Section (the “**Second Section**” or “**Section II**”) of the Report on the Remuneration Policy and Fees Paid. The resolution of the AGM with regard to Section II is not binding and the result of the vote is disclosed to the public according to the terms and conditions set out in current legislation;
- decides the annual remuneration of Standing Auditors at the time of their appointment for the entire period of their office.

1.2 BOARD OF DIRECTORS

Once a year, on the proposal of the Committee, to which the functions of the “Remuneration Committee” have been delegated, the Board of Directors defines the Remuneration Policy for the remuneration of Directors, Managing Directors and

Executives with strategic responsibilities, and is responsible for its proper implementation.

Without prejudice to the provisions of the Bylaws, with the assistance of the Committee and the responsible Company officers, the Board of Directors:

- oversees the preparation and implementation of the Remuneration Policy, deciding on the distribution of remuneration to Directors holding special offices, as well as the definition, approval and implementation of the short-term and long-term remuneration plans of the Chief Executive Officer, Managing Directors, Executives with strategic responsibilities, and Top Managers, and submits incentive plans based on financial instruments to the AGM;
- designates, based on the recommendations of the Committee, the recipients of the various incentive plans within the Company and the Group;
- once the Remuneration Policy adopted is implemented:
 - is informed about the level of achievement of the financial objectives set for Directors who were assigned special offices, the Chief Executive Officer, Managing Directors, Executives with strategic responsibilities, and Top Managers in relation to the recognition of incentives linked to economic parameters;
 - evaluates and approves any proposals to modify the Remuneration Policy;
 - approves this Report.

The Board of Directors ensures that the Report is adequately documented and transmitted to the AGM to pass resolutions for or against, with a binding vote on the First Section and a non-binding vote on the Second Section, and that it is disclosed within the Company structure.

1.3 HUMAN RESOURCES COMMITTEE

1.3.1 COMPOSITION

The Committee is made up of three to five Non-executive directors, the majority of whom are independent.

The members of the Committee are appointed by the Board of Directors, which also determines their number, ensuring that at least one member of the Committee is suitably knowledgeable of and experienced in finance. From 25 May 2017 to 20 May 2020, the members of the Committee were Maria Pierdicchi (Chairperson), Paolo Roverato and Massimo Di Fasanella D'Amore di Ruffano. As from 21 May 2021, the members of the Committee are Simona Scarpaleggia (Independent Director and Chairperson of the Committee), Maria Pierdicchi (Independent Director and Lead Independent Director), Massimo Di Fasanella D'Amore di Ruffano (Independent Director) and Paolo Roverato (Non-Executive Director).

The Board of Directors has annually determined that Directors Simona Scarpaleggia, Maria Pierdicchi and Massimo Di Fasanella D'Amore di Ruffano meet the independence criteria established by articles 147-ter, paragraph 4 and 148, paragraph 3 of TUF, as well as the independence criteria stated in the self-regulatory code; these criteria were adopted in the Autogrill Self-Regulatory Code, as approved by the Board of Directors on 20 December 2012, and as most recently amended on 18 December 2018 (the “Autogrill Code”).

1.3.2 RESPONSIBILITIES AND OPERATIONAL MODEL

The Committee also assumes the functions of a “Remuneration Committee”, as described by article 6 of the Self-Regulatory Code.

The functioning of the Committee is governed by regulations, which were approved by the Board of Directors on 24 January 2013 and amended on 20 December 2016, and whose most important rules are set out below.

The Committee has exploratory, advisory and proposal-formulating duties toward the Board of Directors, with responsibility for:

- i) making proposals to the Board of Directors for the definition of the Remuneration Policy, in the form of Group “guidelines,” for the Chairperson of the Board of Directors, Executive directors, Directors holding special offices, Managing Directors, Executives with strategic responsibilities, and Top Managers of the Company and the Group;
- ii) recommending to the Board of Directors the overall remuneration — fixed and variable, cash and/or equity-based — of the Chairperson of the Board of Directors, the Chief Executive Officer and Managing Director, the Corporate Joint General Manager and the other Directors holding special offices and, therefore, defining incentive plans, retention plans and/or attraction plans for such persons;
- iii) evaluating, in the context of incentive, retention and attraction plans, the Chief Executive Officer’s proposals made to the Board of Directors regarding the criteria for the overall remuneration (fixed and variable, cash and/or equity-based) of Managing Directors, Executives with strategic responsibilities and Top Managers of the Company and the Group and, with the assistance of the Group Human Resources Officer and of the Administration, Finance and Control Department, the performance objectives of the Company and the Group that are linked to the variable component of such remuneration;
- iv) monitoring the implementation, by the management and by Group companies, of the decisions made by the Board of Directors with regard to remuneration policies, verifying in particular that performance objectives are actually met;
- v) periodically assessing the adequacy, overall consistency and concrete application of the general policy adopted for the remuneration of Executive directors, other Directors holding special offices, Managing Directors, Executives with strategic responsibilities, and Top Managers, using for this purpose the information provided by the Chief Executive Officer, as well as making proposals in this regard to the Board of Directors; and
- vi) evaluating the proposals of the Chief Executive Officer concerning:
 - a) the composition criteria, skill profiles and persons identified for forming the management and supervisory bodies of subsidiaries of strategic importance;
 - b) the policies for the strategic development of “human resources” supported by the Group Human Resources Officer and by the Administration, Finance and Control Department of the Company; and
 - c) the employment and appointment of the Managing Directors and Executives with strategic responsibilities of the Company and the Group.

The Committee may access company information and use officers to perform its duties and may, at the Company’s expense and without exceeding the spending limits set by the Board of Directors, make use of external consultants after ascertaining that they are not in a position liable to compromise their independence of judgment and provided that they do not supply at the same time to the Group Human Resources Officer, Directors, Managing Directors or Executives with strategic responsibilities, services of such significance as to concretely compromise the independence of judgement of the consultants.

The Chairperson of the Committee continuously reports to the Board of Directors on the Committee’s activities.

During the Annual General Meeting, through the publication of the Remuneration Report, the Committee, or the Board of Directors on the basis of the indications

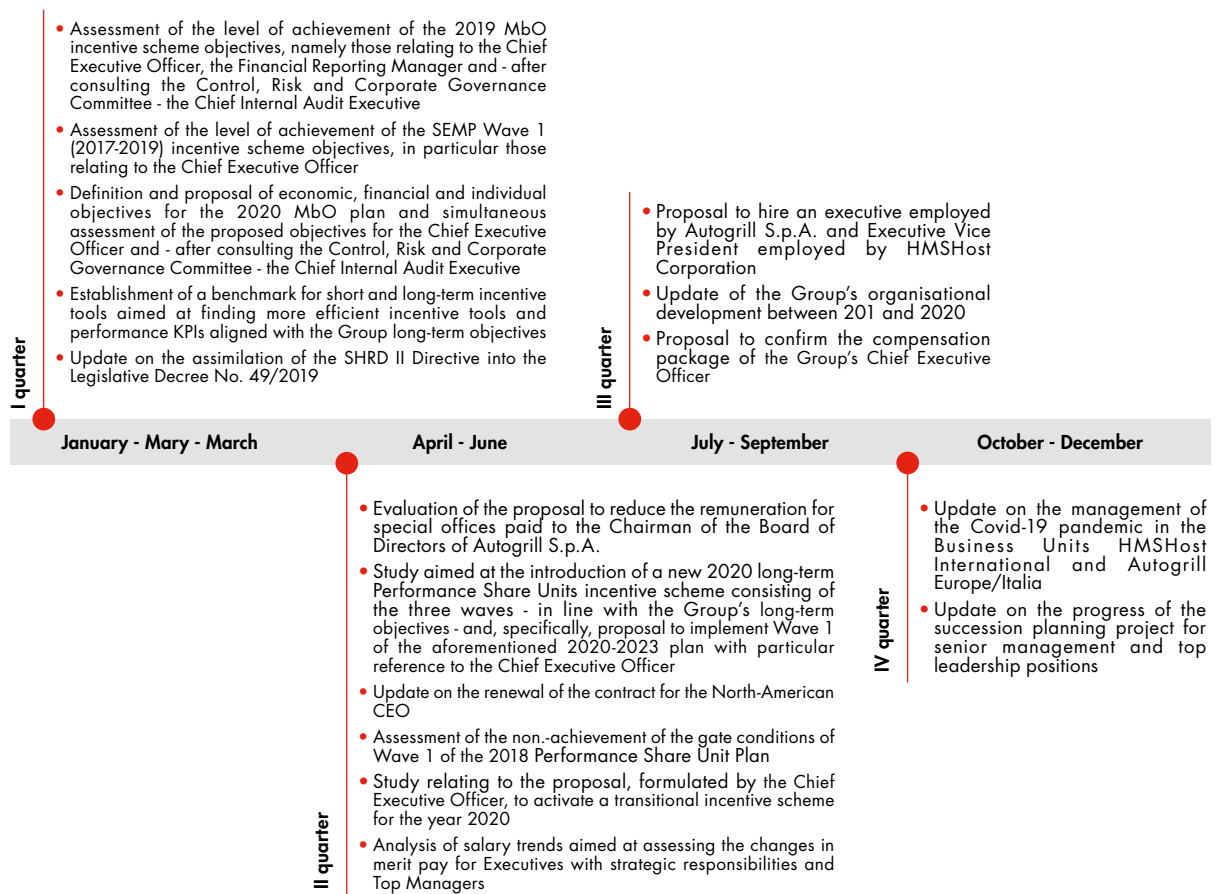

provided to the Board, reports on said remuneration policy and its own operational model.

The Chairperson of the Board of Directors and the Chief Executive Officer of the Company are normally invited to participate in the Committee's meetings. In addition, a member of the Group Human Resources Department also participates in the meetings of the Human Resources Committee and, if invited by the Chairperson of the Committee, some Company and Group executives are involved in specific issues. Also invited to attend the meetings of the Human Resources Committee are the Standing Auditors of the Company.

In accordance with application criterion 6.C.6 of the Self-Regulatory Code, the Directors, and in particular the Chairperson of the Board of Directors and the Chief Executive Officer shall abstain from attending Committee meetings at which proposals concerning their own remuneration are made to the Board of Directors.

1.3.3 ACTIVITIES CARRIED OUT DURING 2020

During 2020, the Human Resources Committee met 7 times (each meeting lasted on average 1 hour and 30 minutes) reviewing and proposing to the Board of Directors (which, where required, approved):

1.4 CHIEF EXECUTIVE OFFICER

The Chief Executive Officer, under the powers of ordinary and extraordinary administration assigned thereto:

- may make proposals concerning the Remuneration Policy;

 - the state of implementation of the Remuneration Policy;
 - the checks performed regarding the implementation of the Remuneration Policy and any proposals for its modification;
 - the results of salary trend surveys and the position of the Company and its subsidiaries with respect to the relevant labour market.

1.5 GROUP HUMAN RESOURCES OFFICER

The Group Human Resources Officer works with Autogrill's boards and officers to define the Remuneration Policy by carrying out a preliminary analysis of the reference legislation, studying market trends and practices, and reviewing existing employment contracts and internal supplementary agreements.

In addition, sometimes with assistance from the relevant departments, he/she:

- defines and implements the management appraisal process;
- coordinates the process of determining what indicators to use in the incentive schemes;

- checks the impact of any revisions to the Remuneration Policy on the existing remuneration system, highlighting any problems arising from the implementation of new policies.

1.6 BOARD OF STATUTORY AUDITORS

The Board of Statutory Auditors issues its mandatory opinion on the remuneration of Directors holding special offices and, along with the Committee, supervises the consistent application of the Remuneration Policy, according to article 2389, section 3, of the Italian Civil Code.

1.7 INDEPENDENT EXPERTS INVOLVED IN DRAFTING THE REMUNERATION POLICY

In preparing the Remuneration Policy, the Company has engaged the assistance of independent external consultants.

2.

PRINCIPLES AND OBJECTIVES OF THE REMUNERATION POLICY

2.1 FOREWORD

The Remuneration Policy is one of the main instruments used to manage the remuneration systems of the Company and the Group, consistently with Autogrill's governance model. The Company's corporate functions (i.e. the central Group functions) define the Remuneration Policy also for the purposes of orienting and coordinating the functions of the subholding companies/subsidiaries of the Autogrill Group. The Remuneration Policy is approved, on the proposal of the Board of Directors, by the AGM, with a binding vote on Section I.

The Remuneration Policy has been developed in light of the laws, regulations and self-regulatory standards that apply to Autogrill as a listed Italian company. Any adaptations proposed by individual subholding companies/subsidiaries are submitted to the Group Human Resources Officer, and also to the Committee if appropriate, for a non-binding opinion.

The Company supervises the proper implementation and observance of the Remuneration Policy by the Group's subholding companies/subsidiaries.

2.2 PRINCIPLES AND OBJECTIVES OF THE REMUNERATION POLICY

The remuneration policies and programmes that the Autogrill Group follows for its Executive directors, Managing Directors and Executives with strategic responsibilities (collectively the "**Top Executives**") are designed in order to reach the following main objectives:

- to promote the creation of value for the Company and the Shareholders in the medium to long term, pursuing the sustainable success of the Company and the Group;
- to be compliant with all applicable laws and regulations in force from time to time;
- to enable the Company and the Group to be competitive on the market in terms of overall remuneration for Top Executives, to attract and retain the managers and other key resources (collectively the "**Executives**"), also taking into account the high level of internationality of individual profiles and the specificities of the catering sector's labour market;
- to motivate employees by recognizing their merit and enhancing their professional development;
- to align the interests of the management with the interests of the Company and Shareholders;
- to ensure fairness and integrity within the Company so as to recognize everyone's contribution to the results and promote the motivation and development of

individuals, by providing significant differences in remuneration as a function of one's performance.

The basic principles underpinning the Remuneration Policy must:

- contribute to the business strategy for the pursuit of the Group's long-term interests, also in terms of creating value for Shareholders, in line with the risk management policy of the Company and the Group and with a view to the sustainable success of the Company and the Group;
- promote a culture of sustainable performance.

The salaries and working conditions of Company and Group employees are taken into account in determining the Remuneration Policy. In particular, the criterion for defining the remuneration package for Executives (and, according to a criterion of proportionality, also for the remaining personnel), which is based on their commitment, skills and related responsibilities, is aimed at building remunerations that are consistent with the working conditions of employees, avoiding the creation of situations of unjustified imbalance.

2.3 DURATION OF THE REMUNERATION POLICY

In order to ensure continuous dialogue with the Shareholders and facilitate their involvement in the definition of the Remuneration Policy and, at the same time, maintain the necessary flexibility to promptly meet future needs for regulatory compliance and alignment to the best practices on the market, this Remuneration Policy has an annual duration, without prejudice to the submission of any changes that may become necessary and/or appropriate during the year to the resolution of the AGM.

This Remuneration Policy is valid for the year 2021.

In accordance with the provisions recently introduced by article 123-ter, paragraph 3-bis of TUF, companies may submit to the AGM the First Section of the Remuneration Policy with the frequency required by the duration of the policy and, in any case, at least every three years or following any amendments to the policy. Therefore, starting from the next financial year, the Board of Directors intends to align the duration of the First Section of the Remuneration Policy to the duration of the mandate of the current Board of Directors, i.e. until the approval of the financial statements as of 31 December 2022.

2.4 COMPONENTS OF THE REMUNERATION SYSTEM

In line with the practice in the relevant labour market, the Autogrill Group's remuneration system comprises:

- **A fixed component (RAL or Base Salary)** to remunerate the Executives according to the roles and responsibilities assigned to them. It is defined on the basis of the positioning chosen on the relevant labour market for comparable levels of responsibility and complexity, taking into account the mandatory *de minimis* rules laid down in the applicable national collective bargaining agreements. It is established upon hiring and adjusted over time on the basis of the competencies and skills acquired and any new responsibilities, considering the trends in the local labour market. In compliance with the provisions of the Self-Regulatory Code and

the Autogrill Code¹, the fixed component is sufficient to remunerate the services provided by the Executives in the event that variable components are not paid due to failure to achieve performance objectives.

- **A variable component linked to performance:** the target, quantitative and strategic planning indicators chosen as Key Performance Indicators (the “**Indicators**” or “KPIs”) reflect the fundamental priorities of the Group’s business in terms of economic, financial and management performance, customer service, development, as well as the strategic objectives of the Remuneration Policy.

This component of remuneration is determined based on the actual level of achievement of the KPIS, according to a prevailing linear proportion criterion, and may also be paid in the form of equities or through equity-based instruments, so as to make the beneficiaries further involved in the actual creation of value and sustainable development for the Company and the Group.

Regarding the variable components linked to performance, from December 2014², in compliance with the provisions of the Self-Regulatory Code and the Autogrill Code³, the Remuneration Policy includes “clawback clauses”, based on which the Group may request the refund, in whole or part, of the sums already paid (or withhold sums subject to deferred payment), if the sums were determined on the basis of data that later proved to be manifestly incorrect, including calculation errors in the determination of one or more of the vesting conditions or a malicious alteration of the data used for such determination or the determination of one or more of the vesting conditions through conduct contrary to law provisions and/or company regulations and/or plans granting rights.

There are two types of variable components:

- **short-term variable component:** it rewards the achievement of short-term balanced financial quantitative and non-financial strategic planning targets, consistent with value creation, sustainable growth, risk management and a balanced mix of individual and team objectives. From the financial year 2018, this component has been implemented again by the MbO annual plan (“**MbO**”), as better described in point 3.2.1 of this Section I;
- **long-term variable component (Long-Term Incentive Plan):** it rewards the achievement of long-term financial quantitative and non-financial strategic targets aimed at value creation and sustainable growth, in keeping with the interests of the Shareholders and fostering the sustainability of corporate performance in the interest of all stakeholders, in compliance with the provisions of the Self-Regulatory Code and the Autogrill Code⁴.
- **Other exceptional, discretionary, occasional and non-recurring forms of remuneration:** discretionary - but objectively oriented - and non-recurring bonuses and one-off payments designed to occasionally and exceptionally reward management achievements of particular strategic significance- in terms of pursuing the Autogrill Group’s long-term interests, as well as monitoring and safeguarding the Group’s ability to stay on the international market -, not yet included in the variable components of short and long-term remuneration, obtained through exceptional individual contributions, on the occasion of transactions, including Merger & Acquisition transactions, which tangibly contribute to the

1 See in particular the application criterion 6.C.1 letter c) of the Self-Regulatory Code and paragraph 10.3 letter (a)(iii) of the Autogrill Code. Pursuant to these provisions, the fixed component is sufficient to remunerate the service provided by the Chief Executive Officer if the variable component is not paid due to failure to achieve the performance objectives set by the Board of Directors.

2 The Autogrill’s Remuneration Policy has been approved by the Board of Directors of the Company held on 22 December 2014.

3 See in particular the application criterion 6.C.1 letter f) of the Self-Regulatory Code and paragraph 10.3 letter (a)(vi) of the Autogrill Code, which envisage contractual agreements allowing the Company to request the refund, in whole or in part, of variable components of the remuneration already paid (or to withhold deferred sums), determined on the basis of data that subsequently proved to be manifestly incorrect.

4 See in particular the application criterion 6.C.1 letter d) of the Self-Regulatory Code and paragraph 10.3 letter (a)(iv) of the Autogrill Code. Pursuant to these provisions, the performance objectives — i.e. the financial results and other specific objectives (if any) linked to the payment of variable components (including the objectives defined for share-based remuneration plans) — are associated, *inter alia*, to the creation of value for shareholders in the medium to long term.

creation of value for stakeholders. As regards Directors and Executives with strategic responsibilities, the assessment of these results and the corresponding contributions and performance is subject to prior examination by the Committee and, once the relevant competent decision has been taken, it is adequately justified in accordance with the provisions of the Self-Regulatory Code and the rules on Related Party Transactions, even in the absence of predefined and deferral criteria, without prejudice to the application, to the maximum extent possible and only within the limits of compatibility, of the principles contained in this Remuneration Policy, also with regard to claw-back, leavership clauses, and so on.

- **Non-cash Benefits (Fringe benefits):** supplement the remuneration packages for Executives in line with local practices and market trends. For the contents of these fringe benefits, reference should be made to paragraphs 4 and 11, Section I of this Report.
- **Severance pay:** any allowances applicable in case of early termination of employment and/or office. For the amount of this allowance, reference should be made to paragraph 10, Section I of this Report.
- **Consideration for non-compete agreements:** benefits payable upon termination of employment or office to compensate for any non-compete agreement signed. For the contents of these agreements, reference should be made to paragraph 10, Section I of this Report.
- **Consideration for stability agreements:** benefits payable upon termination of any agreed retention period, to protect the goodwill and tangible and intangible assets of the Company and the Group. For the contents of these agreements, reference should be made to paragraph 10, Section I of this Report.

2.5 CHANGES IN THE REMUNERATION POLICY WITH RESPECT TO THE PREVIOUS FINANCIAL YEAR

In continuity with previous years, the 2021 Remuneration Policy has been drawn up on the basis of the application experience accrued and taking into account the regulatory provisions adopted by CONSOB from time to time.

Considering the exceptional situation related to the outbreak of COVID-19 Coronavirus infections and its impact on the operating results for the year, as well as in accordance with the principles of responsibility and sustainability that have always inspired the choices of the Company and the Group for the pursuit of the long-term interests of all stakeholders, a programme for the partial and temporary reduction of the fixed remuneration of Executives (“COVID-19 Coronavirus Salary Sacrifice”) was implemented, no short-term variable remuneration was allocated to Executives and no long-term variable remuneration plan was launched, with any such plan being deferred until the 2021 financial year.

It must be also noted that, during 2021, a long-term incentive plan will be submitted to the AGM for approval, in substantial continuity with previously envisaged long-term remunerations plans.

3.

DESCRIPTION OF THE REMUNERATION POLICY WITH REGARD TO FIXED AND VARIABLE COMPONENTS AND THEIR WEIGHT AS A PERCENTAGE OF TOTAL REMUNERATION

The amount of all components of remuneration packages, and in particular of variable components, is subject to economic and financial compatibility standards and included in the budgeting and business planning process. The management of remuneration and incentive schemes for Executives is coordinated centrally and is uniform throughout the Group; at the lower levels of the Parent Company, each business unit is responsible for the application of the Remuneration Policy within its scope of authority.

 - ESG objective (10%).

Long-term variable component (LTIP): target of € 920,000 equivalent to 100% of the fixed component. It can reach 200% of the fixed component at most (€ 1,840,000).

It rewards the achievement of long-term objectives functional to the generation of value and sustainable growth, consistent with the interests of Shareholders and promoting the sustainability of corporate performance in the interest of all stakeholders.

The existing 2018 Performance Share Units incentive plan provides for:

Gate conditions:

- TSR (Total Shareholder Return) > 0 at the end of the vesting period
- Performance of Autogrill shares compared to the FTSE Italy MID CAP index

Performance conditions:

- TSR (weight 60%)
- Contract portfolio (weight 20%)
- Operative free cash flow (weight 20%)

Fringe benefits

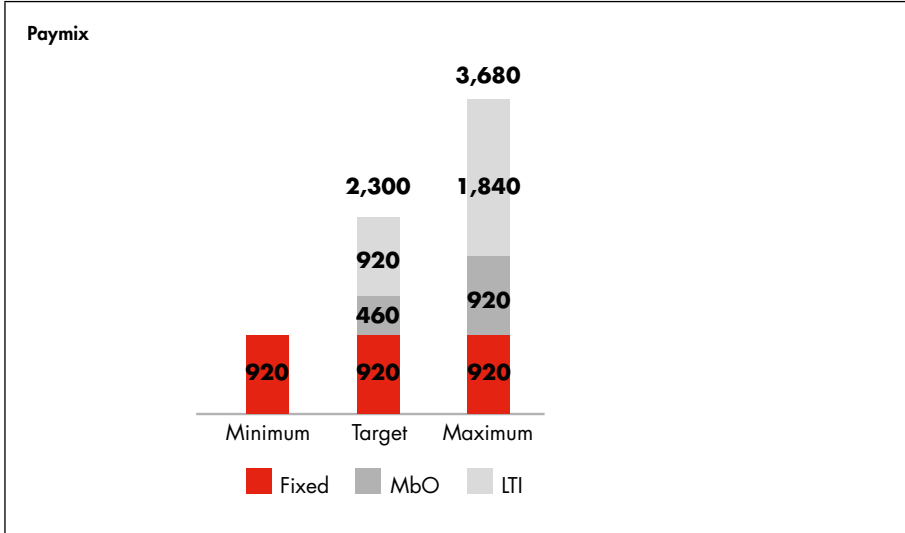

Fringe benefits, such as supplementary health care, coverage for death, permanent disability and accidents, both professional and non-professional, and housing, are recognized.

Termination of office or employment: termination indemnity of € 2,000,000.

Severance indemnity aimed at protecting the interests of the Company, preventing any disputes.

Non-compete and non-solicitation agreement: € 2,750,000.

It establishes, for a duration of 18 months after termination of office or employment, in relation to some competing companies, that the CEO is prevented from working for or carrying on a business competing with the former company and from soliciting any other member of the former company's staff within specific areas of activity and pre-defined territories to leave the company and work for a competitor.

3.2 FIXED COMPONENT (RAL OR BASE SALARY OR FIXED REMUNERATION)

Upon hiring, the weight of the executive position is evaluated through methods allowing a comparison of positions, and consequently remuneration packages, with the labour market and with comparable positions within the Group.

As already mentioned, the fixed component is sufficient to remunerate the services provided by the executive in the event that the variable component is not paid due to failure to achieve the performance objectives set out below.

The same process applies to a change in position and/or responsibility for an Executive already in service.

Positions being equal, merit increases (the “*merit increase*”) apply only if performance is at least in line with expectations and the incumbent has demonstrated an ability to act in the role; they are tied to a constant assessment of performance, as well as of the potential outgoing attrition and problems of the position.

The percentage range of increase is assessed for each Group’s business unit/region, on the basis of the executives’ salary increase trends within the relevant labour market by means of a specific research commissioned to specialized national and international consultants (for 2020: Mercer, World at Work and Economic Research Institute) by the Chief Executive Officer of the Company and by the Group Human Resources Officer, the results of which are shared with the Committee.

Within that percentage range, merit increases are decided by the Chief Executive Officer of the Company and by the Group Human Resources Officer, after verifying the incumbent's performance, risk factors relating to the position, business priorities, and so on.

Increases above the range must be justified and must be approved also by the Committee.

Within the Board of Directors, two positions may be distinguished:

- Directors vested with particular offices, to whom specific powers may also be delegated;
- Non-executive directors.

As at 31 December 2020, they were as follows:

- Directors vested with particular offices: Gianmario Tondato Da Ruos (Chief Executive Officer) and Paolo Zannoni (Chairman of the Board of Directors);
- Non-executive directors: Alessandro Benetton, Franca Bertagnin Benetton and Paolo Roverato;
- Non-executive independent directors: Ernesto Albanese, Rosalba Casiraghi, Francesco Umile Chiappetta, Laura Cioli, Barbara Cominelli, Massimo Di Fasanella D'Amore di Ruffano, Maria Pierdicchi and Simona Scarpaleggia.

The remuneration of the Chairperson of the Board of Directors and of the other non-executive directors is not linked to the financial results achieved by the Company and the Directors are not entitled to share-based incentive plans. Each member of the Board of Directors is entitled to a fixed gross annual remuneration of Euro 60,000 for his/her office, in addition to the reimbursement of the expenses incurred in the performance of their office. Pursuant to art. 2389, paragraph 3, of the Italian Civil Code, an additional fixed annual fee has also been deliberated for the Chief Executive Officer Gianmario Tondato Da Ruos (€ 460,000 gross) and for the Chairman of the Board of Directors Paolo Zannoni (€ 190,000 gross) since they are Directors vested with particular offices.

An additional annual fee is due to each Director who is a member of one of the Committees set up within the Board of Directors, namely:

- i) Control, Risk and Corporate Governance Committee (€ 20,000 gross),
- ii) Human Resources Committee (€ 20,000 gross),
- iii) Strategy and Investment Committee (€ 20,000 gross), and
- iv) Related-Party Transaction Committee (€ 10,000 gross).

3.3 VARIABLE COMPONENT

3.3.1 ANNUAL VARIABLE MBO COMPONENT

Reintroduced with effect from the 2018 financial year, the annual variable MbO component aims at focussing Executives on the achievement of balanced financial quantitative and (non-financial) strategic planning objectives, consistent with the creation of value, sustainable growth and success and risk management, by means of a dedicated annual incentive plan, which considers objectives with an annual performance period so as to ensure a marked separation between short-term and long-term objectives, and the associated variable remuneration. This annual variable component pursues the objective of greater management focus on specific objectives and alignment with market remuneration practices.

As provided for in the Remuneration Policy, this scheme applies to the CEO, the Managing Directors, the Executives with strategic responsibilities and the Top Managers of the Group.

The weight of the annual variable MbO component as a percentage of the remuneration package is determined on the basis of market practice and the extent to which the position contributes to Group results; it is expressed as a percentage range (from “target” to “maximum”) of fixed remuneration components.

Therefore, in view of the relevant labour market and level of responsibility of the position, the target values for short-term variable remuneration can range from 30% to 60% of fixed components, with maximum values from 50% to 100%. The variable component is determined, based on the actual level of achievement of the targets, according to a prevailing linear proportion criterion. Changes in roles and responsibilities may result in a variation of the percentage range applied.

In defining the incentive schemes for the Chief Internal Audit Executive and the Financial Reporting Manager, particular attention is paid to balancing the qualitative strategic objectives consistent with the tasks assigned to them and the economic/financial targets, in consideration of the roles they hold.

The scheme, the indicators and the associated targets are determined each year by the Company’s Chief Executive Officer with the assistance of the Group Human Resources Officer, evaluated by the Committee, submitted for approval to the Company’s Board of Directors, and later notified to each subholding company/subsidiary.

For the year 2021, the indicators and associated objectives will be divided into Financial objectives and Non-financial strategic (role or departmental) individual objectives.

Financial and non-financial objectives will be respectively selected among the economic and financial parameters and qualitative indicators commonly adopted, according to market best practices.

As of 11 March 2021, the Board of Directors identified the following Group Financial objectives:

	Weight	Indicator
Financial objectives	70%	Group free cash flow
Individual strategic/ESG objectives	30%	Role or departmental/ESG objectives

3.3.2 LONG-TERM VARIABLE COMPONENT (LONG-TERM INCENTIVE PLAN) – 2016 PHANTOM STOCK OPTION PLAN

In compliance with the provisions of the Self-Regulatory Code and the Autogrill Code⁵, this long-term variable component aims at focussing Executives on goals that are sustainable over the time, consistent with the interests of Shareholders, and able to create value for all stakeholders.

The amount of the long-term variable component as a percentage of the remuneration package is determined on the basis of market practice, the extent to which the position

⁵ See in particular the application criterion 6.C.1 letter d) of the Self-Regulatory Code and paragraph 10.3 letter (a)(iv) of the Autogrill Code. Pursuant to these provisions, the performance objectives – i.e. the financial results and other specific objectives (if any) linked to the payment of variable components (including the objectives defined for share-based remuneration plans) – are associated, *inter alia*, to the creation of value for shareholders in the medium to long term and, more generally, to the sustainable success of the Company.

contributes to Group results, and the need to retain the best managers. In compliance with the provisions of the Self-Regulatory Code and the Autogrill Code⁶, payment of a significant portion of the variable component deriving from long-term incentive schemes is deferred with respect to the vesting date.

Long-term incentive schemes, as well as the criteria for participants' identification and the list of participants are proposed by the Chief Executive Officer with the help of the Group Human Resources Officer to the Board of Directors, which takes the relevant resolutions after evaluation by the Committee and taking into account the indications provided by the Committee while the schemes are being developed.

In 2021, the long-term incentive 2016 Phantom Stock Options plan is still active. As regards this plan, it should be noted that the remaining 20% of the options granted relating to Wave 1 may be exercised from 26 July 2020 to 25 July 2022.

It should be remembered that long-term incentive plans may have qualitative and quantitative objectives and are developed over a multi-year performance period. The indicators, targets and gate conditions are proposed at the time of the launch by the Chief Executive Officer and are submitted to the Board of Directors for approval, after consultation with the Committee. The incentives are "self-financed", i.e. they are considered both at budget and at balance sheet level in the relevant accounting items.

3.3.3 LONG-TERM VARIABLE COMPONENT (LONG-TERM INCENTIVE PLAN) – 2018 PERFORMANCE SHARE UNITS PLAN

Consistently with paragraph 3.2.2 above, on 12 April 2018, on the proposal of the Committee and, to the applicable extent, also pursuant to article 2389, paragraph 3 of the Italian Civil Code, with the favourable opinion of the Board of Statutory Auditors, the Company's Board of Directors approved the general guidelines and scheme for developing an incentive plan concerning Autogrill's ordinary shares called "2018 Performance Share Units Plan" (the "**Plan**"), which was later approved by the AGM on 24 May 2018.

The Plan is aimed at encouraging managers to enhance the value of the Autogrill Group, while at the same time creating an instrument that favours the permanence within the Group of the persons contributing to the achievement of corporate objectives.

In particular, the Plan is based on quantitative objectives and develops over a multi-year performance period, with the provision of specific and objective indicators, targets, gates and leavership clauses.

The Plan is reserved for employees and/or Directors holding particular offices in the Company and its subsidiaries and associates, as identified by name at the sole discretion of the Board of Directors from among the persons holding strategically important positions or from among persons included in the management of the Company and its subsidiaries with a view to creating value.

⁶ See in particular the application criterion 6.C.1 letter e) of the Self-Regulatory Code and paragraph 10.3 letter (a)(v) of the Autogrill Code, under which the payment of a significant portion of the variable component of remuneration is deferred for an adequate period of time with respect to the vesting date.

The Plan provides for the free allotment of Autogrill's ordinary shares to the beneficiaries, as a result of the conversion of the units assigned to them under the terms and conditions set out in the relevant regulations and, in particular, the fulfilment of the conditions for access to the Plan and the achievement of performance objectives.

The units have been assigned during three allocation cycles (waves), with different duration (vesting) depending on the specific wave. For each wave, 20% of the convertible units cannot be converted into shares before 365 days have elapsed following the end of the vesting period. The Plan also provides that the beneficiaries who, at the vesting date, are Executive directors pursuant to and for the purposes of the Self-Governance Code, as identified by the Board of Directors, will be required to continuously hold, until the date of termination of office, a number of shares equal to at least 20% of the shares assigned to them following the conversion of the units.

The Board of Directors will also be entitled to impose on the beneficiaries who, at the vesting date are Executives with strategic responsibilities, the obligation to continuously hold, for a maximum period of 3 years from the date of conversion of the relevant units, a number of shares up to a maximum of 20% of the shares assigned to them following the conversion of the units.

The table on the next page summarizes the key characteristics of each long-term plan and subplan currently in place.

As anticipated above, it should be noted that in 2021 a long-term incentive plan will be submitted to the AGM for approval, in substantial continuity with the previously envisaged long-term remuneration plan.

In any case, the target values of the long-term variable remuneration may vary from 20% to 100% of fixed components and the maximum values from 35% to 200% of fixed components. In addition, specific deferral and clawback systems and leaverships clauses will be envisaged.

As regards the long-term variable component, the Wave 1 subplan of the 2018 Performance Share Units Plan was closed: since the subplan did not achieve the predefined gate objectives, no units were allocated.

3.3.4 OTHER OCCASIONAL AND NON-RECURRING FORMS OF REMUNERATION

These components occasionally and exceptionally reward, through discretionary - but objectively oriented - and non-recurring bonuses and one-off payments, management results or performances of particular strategic significance - in terms of pursuing the Autogrill Group's long-term interests, as well as monitoring and safeguarding the Group's ability to stay on the international market -, not yet included in the variable component of short and long-term remuneration, achieved through exceptional individual contributions, on the occasion of transactions, including Merger & Acquisition transactions, which tangibly contribute to the creation of value for stakeholders. As regards Directors, Managing Directors and Executives with strategic responsibilities, the assessment of these results and the corresponding contributions and performance is subject to prior examination by the Committee and the Related-Party Transaction Committee, applying the relevant procedures (including Regulation No. 17221 of 12 March 2010, as amended and supplemented) and, once the relevant competent decisions have been taken, they are adequately justified in accordance with the provisions of the Self-Regulatory Code and the rules on Related Party Transactions, even in the absence of predefined and deferral criteria, without prejudice

to the application, to the maximum possible and only within the limits of compatibility, of the principles contained in this Remuneration Policy, also with regard to claw-back, leavershship clauses and so on.

4.

POLICY FOLLOWED WITH RESPECT TO NON-MONETARY BENEFITS (FRINGE BENEFITS)

Fringe benefits contribute to keeping the executive compensation package competitive. They are divided into two categories:

- *perquisites*, i.e. supplementary pensions, life insurance, and health and accident insurance, which contribute to the Executive's general welfare;
- *status benefits*, i.e. company car, housing, etc. whose main objective is to supplement the remuneration package with benefits in kind consistent with the Executive's status and with market practice.

Other benefits may be given for particular assignments (e.g. for expats: housing, schooling, company car, etc.).

Fringe benefits are offered consistently with market practice and Group policies (e.g. car policy, expat policy) and in accordance with current tax laws.

5.

PERFORMANCE OBJECTIVES, ON WHICH VARIABLE REMUNERATION COMPONENTS ARE BASED

The performance objectives, to which the payment of the annual variable component is related, are determined and communicated to each interested party, and they are consistent with the strategic and economic objectives defined on the basis of the annual budget. As further specified in paragraphs 3.2.1, 3.2.2, 3.2.3 and 3.2.4 above and in the relevant tables, the objectives are different depending on whether they refer to short or medium/long-term incentive schemes, thus reflecting the different roles and functions of these incentive instruments.

Also, with regard to 2021, with reference to financial indicators, the short-term variable component is related to the budget for the year (in terms of Operative free cash flow); while the long-term variable component is related to the multi-year financial projections that are revised every year. These objectives are proposed by the Chief Executive Officer to the Committee for assessment and to the Board of Directors for resolution and they are defined in accordance with the multi-year financial projections.

6. CRITERIA USED TO EVALUATE PERFORMANCE OBJECTIVES FOR THE ALLOCATION OF SHARES, OPTIONS, OTHER FINANCIAL INSTRUMENTS, OR OTHER VARIABLE COMPONENTS OF REMUNERATION

Further to the verification by the Committee, the Board of Directors assesses the achievement of the economic and financial objectives of the incentive schemes and of the individual objectives assigned to the Chief Executive Officer and the Corporate Joint General Manager.

The objectives of the Chief Internal Audit Executive are evaluated jointly by the Chairperson of the Board of Directors, the Chairperson of the Control, Risk and Corporate Governance Committee, the Chairperson of the Board of Statutory Auditors and the Committee, and they are approved by the Board of Directors.

7. CONTRIBUTION OF THE REMUNERATION POLICY TO THE IMPLEMENTATION OF THE COMPANY'S STRATEGY AND THE PURSUIT OF THE COMPANY'S LONG-TERM INTERESTS, CONSISTENT WITH THE RISK MANAGEMENT AND SUSTAINABILITY POLICY

The Remuneration Policy contributes to the achievement of the objective of creating value and, more in general, sustainable success over the medium to long-term, in line with the risk management policy.

This result is pursued through an appropriate and predefined balance between the fixed and variable components of remuneration, as well as through the identification of adequate parameters and objectives for the evaluation of performance.

8.

VESTING PERIOD FOR DEFERRED PAYMENT SYSTEMS

See paragraphs 3.2.2 and 3.2.3 above.

The non-occurrence of default and cross-default conditions is a condition for the vesting and liquidation of acquired rights.

In compliance with the provisions of the Self-Regulatory Code and the Autogrill Code⁸, clawback mechanisms are in place for all annual or long-term incentive plans. These mechanisms provide that the Group may request the refund, in whole or in part, of the sums already paid (or the retention of any deferred sums), in the event that these payments were determined on the basis of data which subsequently proved to be manifestly incorrect, including calculation errors in the determination of one or more vesting conditions or a malicious alteration of the data used for such determination or the determination of one or more vesting conditions through conduct contrary to law provisions and/or company regulations and/or plans granting the rights.

With reference to the compliance with financial covenants, it should be noted that, on 22 June 2020, in the context of a broader Group-wide action plan aimed at mitigating the financial and operational impact caused by the COVID-19 pandemic, Autogrill reached a series of agreements with its lending banks for the temporary suspension (the so-called “Covenant holiday”) of the verification of financial parameters (Leverage ratio and Consolidated EBITDA/Consolidated net finance charges) envisaged by some of the loan agreements listed above. The covenant holiday period, as later extended through agreements signed on 11 March 2021, will run until 31 December 2022.

⁸ See in particular the application criterion 6.C.1 letter f) of the Self-Regulatory Code and paragraph 10.3 letter (a)(vi) of the Autogrill Code, which envisage contractual agreements allowing the Company to request the refund, in whole or in part, of variable components of the remuneration already paid (or to withhold deferred sums), determined on the basis of data that subsequently proved to be manifestly incorrect.

9.

INFORMATION ON ANY OBLIGATION TO HOLD THE FINANCIAL INSTRUMENT PORTFOLIO AFTER ITS ACQUISITION

The Chief Executive Officer must hold 20% of any shares accrued until the end of his/her term of office. In particular, with regard to the 2016 Phantom Stock Options plan, the CEO is committed to a “minimum holding” obligation, which consists in the obligation to purchase on the online stock market operated by Borsa Italiana SpA a number of Autogrill shares equal to an overall investment of 20% of the net premium paid under the Plan; these shares shall be held until the end of the CEO’s term of office.

Similar provisions for the Chief Executive Officer are contained in the 2018 Performance Share Units Plan. The Board of Directors may also provide for minimum holding obligations for Executives with strategic responsibilities on a discretionary basis.

10. TERMINATION OF OFFICE OR EMPLOYMENT AGREEMENTS; NON-COMPETE CLAUSES AND STABILITY AGREEMENTS

In principle, Autogrill does not offer severance indemnities or similar benefits for and/or upon termination of employment, also in case of notice, other than those provided for by applicable laws and/or national collective bargaining agreements. In any case, in compliance with the provisions of the Self-Regulatory Code and the Autogrill Code⁹, the Remuneration Policy provides that any severance indemnity – in addition to, for employees only, the payment in lieu of notice determined in accordance with applicable national collective bargaining agreements – shall not exceed 24 total monthly salaries.

As a general rule, there are no “Golden parachutes” or contractual clauses related to the “change in control”, however these provisions may be adopted to comply with specific local labour market practices. In this regard, it should be noted that, in line with US labour market practice, a so-called “Change in Control” clause is present in the contract of the Chief Executive Officer of the North American subsidiary HMSHost Corporation. In the event of resignation following a change in control, this clause provides for the recognition of a consideration up to a maximum of 0.68 times the annual total remuneration calculated assuming the achievement of target objectives (“target total compensation”).

Termination agreements are drawn up in light of the applicable benchmarks and within the limits indicated by the case law and standard practice of the Country in which the agreement is made. As a rule, the Group does not enter into agreements that regulate *ex ante* the early termination of employment at the Company’s or the individual’s initiative, without prejudice to the provisions of law and/or national collective bargaining agreements.

Any different agreements must be evaluated and validated by the Committee.

Currently, the Group’s Chief Executive Officer (0.87 times the target total compensation) and the Chief Executive Officer of HMSHost Corporation (0.68 times the target total compensation) are entitled to “pre-determined” severance indemnities, within the quantitative limits indicated above.

In accordance with case law and standard practice, “non-compete” clauses may be envisaged, which provide for the recognition of a consideration, also taking into account the duration and temporal extent of the agreement, as well as the strategic importance of the concerned resource, also to protect the information assets and the market position of the Company and/or the Group. The non-compete clause refers to the business sector in which the Group operates, and its geographical area and business scope vary depending on the role played.

⁹ See in particular the application criterion 6.C.1 letter g) of the Self-Regulatory Code and paragraph 10.3 letter (a)(vii) of the Autogrill Code, under which any indemnity provided for in the event of termination of the directorship relationship is defined so that its total amount does not exceed a set amount or a certain number of years of remuneration.

Non-compete clauses must have the following essential characteristics:

- pre-determined time duration;
- defined geographical area;
- circumscribed business scope.

Subject to the exceptions set out below, as explained above, the consideration for non-compete clauses shall not normally exceed the equivalent of six months of total remuneration for each year of duration of the non-compete obligation, to be paid in quarterly instalments over the duration of the agreement, which shall not be less than 12 months.

Non-compete agreements, which may be optionally activated by the respective company at the time of termination of employment, are in place for all 3 Executives with strategic responsibilities in office and for the Corporate Joint General Manager.

As regards the Chief Executive Officer, also taking into account the strategic role assigned to him/her, as well as the tenure of his/her role, a specific non-compete and non-solicitation agreement has been concluded for 18 months. This agreement provides for the payment of a penalty in case of breach of the agreement and for a consideration not exceeding the equivalent of 9 months of total target compensation for each year of duration of the non-compete obligation.

An 18-month non-compete and non-solicitation agreement has also been concluded with the Chief Executive Officer of the North American subsidiary HMSHost Corporation. This agreement provides for the payment of a consideration not exceeding 0.85 times the annual total remuneration calculated on the assumption that target objectives will be achieved (“total target remuneration”) and a penalty should be paid in case of breach of the agreement. Similarly, an 18-month non-compete and 24-month non-solicitation agreement was entered into with the Chief Executive Officer of the subsidiary HMSHost International B.V. This agreement provides for the payment of a consideration not exceeding 0.17 times the annual total target remuneration and of a penalty of twice the consideration in the event of breach of the agreement.

In any case of termination of office and delegation of powers, the Chief Executive Officer retains the right to the payment of variable emoluments relating to the incentive plans in which he/she participates, subject to the achievement of the objectives and the occurrence of any other conditions provided for in each plan or programme and in proportion to the activity performed during the reference period.

As regards the Corporate Joint General Manager and the Executives with strategic responsibilities, all rights acquired under the incentive plans (including stock options) are forfeited in the event of termination for cause, justified subjective reason, or voluntary resignation (the so-called “bad leaver”). In the event of termination for justified objective reason or retirement (the so-called “good leaver”), the participant does not lose the rights under the incentive plans on a *prorata temporis* basis.

In accordance with the indications of case law and practice, stability agreements may also be entered into, which provide for the payment of a consideration, also taking into account the time span of the retention obligation, as well as the strategic nature of the resource concerned, also in order to protect the information assets and market position of the Company and/or the Group.

As a rule, the consideration for the stability agreement shall not exceed the equivalent of 6 months of total remuneration for each year of duration of the stability agreement.

11. INSURANCE, SOCIAL SECURITY OR PENSION POLICIES OTHER THAN OBLIGATORY COVERAGE

In line with best practices, a D&O (Directors & Officers) Liability policy has been taken out for the Directors, Statutory Auditors, Managing Directors, Executives with strategic responsibilities and Executives, covering any civil liability damages caused by them during the performance of their duties (except in case of malice or gross negligence).

In accordance with the national collective bargaining agreement, Autogrill S.p.A.'s Managing Director, Corporate Joint General Manager and Executives with strategic responsibilities are covered for accidents (on and off the job), death, and permanent disability due to illness; they also have supplementary health insurance in addition to that regulated by the collective bargaining agreement.

12. REMUNERATION POLICY WITH RESPECT TO INDEPENDENT DIRECTORS, THE PARTICIPATION OF THE DIRECTORS IN COMMITTEES, AND THE PERFORMANCE OF SPECIAL TASKS

As mentioned in point 3.1 above, the Directors, who are members of the Committees set out within the Board of Directors, are paid an additional annual fee. For the amount of the aforesaid remuneration, reference should be made to Section II of this Report.

13. REMUNERATION OF STANDING AUDITORS

The AGM sets the annual remuneration for Standing Auditors at the time of their appointment for the entire period of their office, pursuant to article 2402 of the Italian Civil Code. For the amount of current remuneration, please refer to Section II of this Report.

14. INFORMATION ON THE REMUNERATION POLICIES OF OTHER COMPANIES USED AS BENCHMARKS AND CRITERIA USED TO SELECT THESE COMPANIES

The Remuneration Policy has been defined using the remuneration policies of other companies as benchmarks. The companies chosen are multinational and Italian firms operating in the consumer goods industry whose complexity, distribution capillarity, and investments are comparable to those of Autogrill.

Items making up remuneration and illustration of the remuneration paid and/or accrued in 2020

1.

ITEMS MAKING UP REMUNERATION

1.1 INTRODUCTION

The Second Section of this Report sets out the remuneration paid to each member — identified by name — of the Boards of Directors and Statutory Auditors, any Managing Director and any Executive with strategic responsibilities as at 31 December 2020.

The aforesaid remuneration was determined in compliance with the 2020 Remuneration Policy, in continuity with previous financial years and according to the principles followed by the Company for the definition of the remuneration of the members of the Boards of Directors and Statutory Auditors, the Managing Directors and the Executives with strategic responsibilities, in line with the recommendations set out in the Self-Regulatory Code.

Reference is made to Table 1 (in the Annex), which was prepared in compliance with outline sheet 7-*bis* of Annex 3A of the Issuers' Regulations, and which reports the nominal amount of the remuneration paid to each member of the management and supervisory bodies identified by name.

1.2 BOARD OF DIRECTORS, BOARD OF STATUTORY AUDITORS AND MANAGING DIRECTORS

As regards the financial year 2020, the remuneration accrued to and/or received by the members of the Board of Directors in office during said financial year was determined on the basis of the AGM resolution of 25 May 2017 for the period until 20 May 2020 and on the basis of the AGM resolution of 21 May 2020 for the period starting on 21 May 2020, which established a total annual remuneration for the Board of Directors of 1,100,000 Euros before withholding taxes.

This amount includes 320,000 Euros for all members of the Board Committees.

Pursuant to the resolution of the AGM and the subsequent resolution of the Board of Directors of 21 May 2020, the above remuneration for the financial year 2020 was allocated as follows:

- a) Each Director, including the Chairperson of the Board of Directors, received: (i) an annual fixed fee of € 60,000 gross for serving on the Board;
- b) Each member of the Control, Risk and Corporate Governance Committee, the Human Resources Committee and the Strategy and Investment Committee received an additional annual fee of € 20,000 gross; and
- c) Each member of the Related-Party Transaction Committee received an additional annual fee of € 10,000 gross.

On the basis of a Board resolution of 23 May 2019, pursuant to art. 2389, paragraph 3, of the Italian Civil Code, the Chairman of the Board of Directors received an annual fee as a fixed emolument for the special executive office conferred on him of € 440,000 gross until 20 May 2020).

On 21 May 2020, on the occasion of the post-appointment meeting, the Board of Directors divided the total remuneration approved for that purpose by the AGM among the Committees and their respective members and, on the proposal of the Human Resources Committee and after consulting the Board of Statutory Auditors, it determined the emolument for the special executive office conferred on the Chief Executive Officer of € 440,000 gross, as well as a fixed emolument for the special office conferred on the Chairperson of the Board of Directors of € 190,000 gross in addition to the annual remuneration due to him/her as member of the Board of Directors.

On that occasion, in view of the difficult context caused by the Covid-19 pandemic and the resulting negative impact on Group's performance, the Chief Executive Officer decided to waive his fixed remuneration for the months of May, June and July 2020.

In line with the decision taken by the Chief Executive Officer on 30 July 2020, each director decided to waive his/her pro-rata remuneration to the extent of two twelfths of the annual amount due to him/her for the year.

The remuneration for the special office of Chief Executive Officer is described in paragraph 1.3 below.

With the exception of the Chief Executive Officer, the members of the Boards of Directors and Statutory Auditors were not included in any cash or equity-based incentive plans linked to company performance.

The Directors are also entitled to the reimbursement of the expenses incurred in the performance of their office, as well as the coverage of the D&O (Directors and Officers) Liability insurance policy.

Pursuant to the resolution of the AGM of 24 May 2018, the two Standing Auditors are entitled to a yearly fixed, all-encompassing, flat-rate compensation of € 50,000 gross, whereas the Chairperson of the Board of Statutory Auditors is entitled to a yearly fixed, all-encompassing, flat-rate compensation of € 75,000 gross.

1.3 CHIEF EXECUTIVE OFFICER

The remuneration of the Chief Executive Officer is specified in the tables on the following pages.

The Chief Executive Officer received:

1.5 EXECUTIVES WITH STRATEGIC RESPONSIBILITIES

The following remuneration was paid to the six Executives with strategic responsibilities identified in 2020:

- i) As regards the three Executives with strategic responsibility employed by the Company for the purposes of paragraph 2.5, Section I:
 - they received (i) the reduced fixed remuneration as executives hired by the Company; and (iii) other fringe benefits.
- ii) As regards the three Executives with strategic responsibility employed by subsidiaries for the purposes of paragraph 2.5, Section I:
 - they received (i) the reduced fixed remuneration as executives hired by the respective companies; and (iii) other fringe benefits.

It should be noted that, during the 2020 financial year, no variable remuneration was paid. As shown in Table 1 below, the proportion between fixed and variable remuneration is of 100%/0%.

In addition, towards the end of the 2020 financial year, the termination of employment of an Executive with strategic responsibilities hired by the Company was negotiated, in line with the provisions of the 2020 Remuneration Policy. For more details on leaving incentives, see Table 1.

To determine the early leaving incentive paid in advance, the provisions of law and national collective bargaining agreements for executives of Tertiary, Distribution and Services companies were applied in relation to the termination of employment at the Company's initiative and for objective reasons, within the limits defined by case law and practice. The Executive with strategic responsibilities retains rights, calculated *pro rata temporis* until the date of termination of employment with respect to, and as provided for in the long-term incentive schemes 2016 Phantom Stock Option Plan and 2018 Performance Share Units Plan. It is understood that the rights under these two Plans will remain subject to the terms, conditions and procedures

set out in the relevant Plans, Regulations, Letters of Allocation and Letters of Exercise.

No agreements providing for the retention or assignment of non-fringe benefits were negotiated; no consulting agreements have been entered into for the period following termination of employment, as well as any agreements that provide for compensation for non-compete commitments.

For more details on the remunerations paid, Autogrill's options and Units held, reference should be made to the tables in the Annex.

In the financial year 2020, there are no Executives with strategic responsibilities, who have received total remunerations (obtained by summing cash and share-based remuneration) higher than the highest total remuneration paid to members of the management and supervisory bodies. Therefore, the information relating to the remunerations and severance indemnities paid to Executives with strategic responsibilities is provided on an aggregate basis.

The remunerations paid amounted to a total of 4,914,392 Euros for the financial year 2020. The table in the Annex shows the individual items of this amount.

1.6 INCENTIVE PLANS BASED ON FINANCIAL INSTRUMENTS

For detailed information on the incentive plans based on financial instruments approved by the Company, reference should be made to the remuneration plans approved by the AGM pursuant to art. 114-*bis* of TUF and the corresponding information documents, published in the "Governance - AGM" Section of the Company's website (www.autogrill.com). Reference is also made to paragraphs 3.2.2 and 3.2.3, Section I of this Report.

1.7 INDEMNITIES IN THE EVENT OF TERMINATION OF OFFICE OR EMPLOYMENT

1.7.1 BOARD OF DIRECTORS AND MANAGING DIRECTOR

As regards the indemnities paid to Directors in the event of resignation, annulment or termination of employment following a takeover bid, it should be noted that the resolution of the Board of Directors of 21 May 2020, which regulates the relationship between the Chief Executive Officer and the Company, states that, if the CEO resigns with cause or is dismissed by the Company without cause, the Company shall integrate up to the amount of 2 gross million Euros the payment in lieu of notice and any other indemnity or compensation, including those provided for in the national collective bargaining agreement for the managers of the commercial sector, if said amount is lower.

In any case of termination of office and mandate, the CEO shall retain the right to receive the variable compensation relating to the incentive plans in which he/she participates, subject to the achievement of the objectives and the satisfaction of any other condition provided for in each plan or scheme and in proportion to the service rendered during the relevant period of time.

1.7.2 CORPORATE JOINT GENERAL MANAGER AND EXECUTIVES WITH STRATEGIC RESPONSIBILITIES

As regards the Corporate Joint General Manager and Executives with strategic responsibilities, all rights acquired under the incentive plans (including stock options) are forfeited in the event of termination for cause, justified subjective reason, or voluntary resignation (the so-called “bad leaver”). In the event of termination for justified objective reason or retirement (the so-called “good leaver”), the participant does not lose the rights under the incentive plans on a *prorata temporis* basis.

In the event of termination for justified objective reason, the contract of the Corporate Joint General Manager and Executive with strategic responsibilities of a subsidiary company also provides for an allowance not exceeding two years of total remuneration, calculated as fixed remuneration plus the average individual incentives paid in the last two years.

For further details, please refer to the documents and regulations published in the “Governance - AGM” Section of the Company’s website (www.autogrill.com).

1.8 AGREEMENTS PROVIDING FOR COMPENSATION FOR NON-COMPETE OBLIGATIONS

The Company has entered into non-compete agreements (with option clause) with three Executives with strategic responsibilities, including the Corporate Joint General Manager. A non-compete agreement with specific characteristics was also stipulated with the Chief Executive Officer and Group Chief Executive Officer, with the Chief Executive Officer of the subsidiary company HMSHost Corporation and with the Chief Executive Officer of the subsidiary company HMSHost International B.V.

For further details on non-compete agreements, reference should be made to paragraph 10, Section I of this Report.

Pursuant to the provisions of art. 84-*quater*, paragraph 4, of the Issuers’ Regulations, Table 1 is attached. The table was prepared in compliance with outline sheet 7-*ter* of Annex 3A of the Issuers’ Regulations and relates to information on the equity interests of the members of the management and supervisory bodies, the Managing Directors and the Executives with strategic responsibilities.
