## **AUTOGRILL GAINS GROUND ABROAD THROUGH ITS SUBSIDIARY HMSHOST INTERNATIONAL: NEW AGREEMENT IN BALI AIRPORT**

- **New contract worth 59 million euros at Bali Airport, Indonesia**

**Milan, 24th May 2021 – Autogrill Group** (Milan: AGL IM), through its subsidiary HMSHost International, announces that it has won new tender in Indonesia, at the I Gusti Ngurah Rai International Airport in Bali.

**The contract, which is expected to yield over 59 million euros in 5 years**, includes the opening of **5 new stores**, thus helping the Group gain ground as the leading provider of food & beverage services for travellers.

With the opening of the new venues, the F&B offer at the airport will add up innovative concepts that will meet the needs of such a diverse clientele as that which passes through Bali every year. Brands specifically designed by HMSHost for this location, such as **Espresso Bar** and **FRESH**, will be added to universally-known brands and local brands, such as **Sisterfields**, famous for its delicious all-day contemporary and Australian brunch-style food.

Among airports with passenger traffic between 15 and 25 million, Bali International Airport has been ranked *Best Airport in Asia Pacific*, *Best Customer Service in Asia Pacific* and *Best Infrastructure and Facilitation in Asia Pacific* by Airports Council International's Airport Service Quality (ASQ) survey.
